THE
BIOLOGICAL BULLETIN

PUBLISHED BY
THE MARINE BIOLOGICAL LABORATORY

Editorial Board

JOHN M. ANDERSON, Cornell University
EDWARD M. BERGER, Dartmouth College
STEVEN C. BROWN, State University of New York at Albany
PHILIP B. DUNHAM, Syracuse University
CATHERINE HENLEY, National Institutes of Health
J. B. JENNINGS, University of Leeds
MEREDITH L. JONES, Smithsonian Institution
GEORGE O. MACKIE, University of Victoria
HOWARD A. SCHNEIDERMAN, University of California, Irvine
RALPH I. SMITH, University of California, Berkeley
F. JOHN VERNBERG, University of South Carolina
EDWARD O. WILSON, Harvard University
W. D. RUSSELL-HUNTER, Syracuse University
Managing Editor

VOLUME 156
FEBRUARY TO JUNE, 1979

Printed and Issued by
LANCASTER PRESS, Inc.
PRINCE & LEMON STS.
LANCASTER, PA.

THE BIOLOGICAL BULLETIN is issued six times a year at the Lancaster Press, Inc., Prince and Lemon Streets, Lancaster, Pennsylvania.

Subscriptions and similar matter should be addressed to The Biological Bulletin, Marine Biological Laboratory, Woods Hole, Massachusetts. Agent for Great Britain: Wheldon and Wesley, Limited, 2, 3 and 4 Arthur Street, New Oxford Street, London, W. C. 2. Single numbers, $8.00. Subscription per volume (three issues), $22.00.

Communications relative to manuscripts should be sent to Dr. W. D. Russell-Hunter, Marine Biological Laboratory, Woods Hole, Massachusetts 02543 between June 1 and September 1, and to Dr. W. D. Russell-Hunter, P.O. Box 103, University Station, Syracuse, New York 13210, during the remainder of the year.

THE BIOLOGICAL BULLETIN (ISSN 0006-3185)

Second-class-postage paid at Woods Hole, Mass., and additional mailing offices.

LANCASTER PRESS, INC., LANCASTER, PA.

CONTENTS

No. 1, February, 1979

Anderson, John Maxwell
Histological studies on the pyloric stomach and its appendages in *Oreaster reticulatus* (L.) (Asteroidea) 1
Day, Randy L., and James A. Blake
Reproduction and larval development of *Polydora giardi* Mesnil (Polychaeta: Spionidae) 20
Denlinger, David L.
Pupal diapause in tropical flesh flies: environmental and endocrine regulation, metabolic rate and genetic selection 31
Elvin, David W.
The relationship of seasonal changes in the biochemical components to the reproductive behavior of the intertidal sponge, *Haliclona permollis* 47
Fell, Paul E., and William F. Jacob
Reproduction and development of *Halichondria* sp. in the Mystic Estuary, Connecticut 62
Fitch, Billie M., and Eric W. Lindgren
Larval development of *Pagurus hirsutiusculus* (Dana) reared in the laboratory 76
Haschemeyer, Audrey E. V., and Michael A. K. Smith
Protein synthesis in liver, muscle and gill of mullet (*Mugil cephalus* L.) *in vivo* 93
Jegla, Thomas C., and John D. Costlow
The *Limulus* bioassay for ecdysteroids 103
Palmer, Robert E.
A histological and histochemical study of digestion in the bivalve *Arctica islandica* L 115
Roe, Pamela
Aspects of development and occurrence of *Carcinonemertes epialti* (Nemertea) from shore crabs in Monterey Bay, California 130

No. 2, April, 1979

Bennett, Jerry
The cytochemistry of *Limulus* eggs 141
Burke, Elaine M.
Aerobic and anaerobic metabolism during activity and hypoxia in two species of intertidal crabs 157
Caine, Edsel A.
Functions of swimming setae within caprellid amphipods (Crustacea) 169
Costello, Walter J., and Fred Lang
Development of the dimorphic claw closer muscles of the lobster

Homarus americanus. IV. Changes in functional morphology during growth 179
LASKER, HOWARD R.
Light dependent activity patterns among reef corals: *Montastrea cavernosa* 196
LEITH, ARDEAN
Role of aggregation factor and cell type in sponge cell adhesion 212
MICHEL, CATHERINE, AND EDWARD J. DEVILLEZ
Secretion of trypsin in the oesophagus of *Nereis virens* Sars (Polychaeta: Errantia). A biochemical and histological study 224
STUNKARD, HORACE W.
The morphology, life-history, and taxonomic relations of *Odhneria odhneri* Travassos, 1921 (Digenea: Microphallidae) 234
VISALBERGHI, ELISABETTA, AND ENRICO ALLEVA
Magnetic influences on pigeon homing 246

NO. 3, JUNE, 1979

BINGHAM, SCOTT, AND JEROME A. SHIFF
Conditions for attachment and development of single cells released from mechanically-disrupted thalli of *Prasiola stipitata* Suhr 257
BROWN, WARREN I., AND J. MALCOLM SHICK
Bimodal gas exchange and the regulation of oxygen uptake in holothurians 272
FUHRMAN, FREDERICK A., GERALDINE J. FUHRMAN, AND KATHRYN DE RIEMER
Toxicity and pharmacology of extracts from dorid nudibranchs 289
JENNINGS, J. B., AND S. R. GELDER
Gut structure, feeding and digestion in the branchiobdellid oligochaete *Cambarincola macrodonta* Ellis 1912, an ectosymbiote of the freshwater crayfish *Procambarus clarkii* 300
KINZIE, ROBERT A. III, AND GEORGENE S. CHEE
The effect of different zooxanthellae on the growth of experimentally infected hosts 315
REAKA, MARJORIE LINDQUIST
Patterns of molting frequencies in coral-dwelling stomatopod Crustacea 328
SHAFFER, PHILLIP L.
The feeding biology of *Podarke pugettensis* (Polychaeta: Hesionidae) .. 343
SITTS, RICHARD M., AND ALLEN W. KNIGHT
Predation by the estuarine shrimps *Crangon franciscorum* Stimpson and *Palaemon macrodactylus* Rathbun 356
SWINEHART, JAMES H., AND KENNETH W. SMITH
Iron and manganese deposition in the periostraca of several bivalve molluscs 369
TYSON, GRETA E., AND MICHAEL L. SULLIVAN
Antennular sensilla of the brine shrimp, *Artemia salina* 382
WHITTAKER, J. R.
Development of vestigial tail muscle acetylcholinesterase in embryos of an anural ascidian species 393

INDEX

A

Acetylcholinesterase, vestigial expression in anural ascidian larva, 393
Adhesion, of single cells from *Prasiola* thalli, 257
  sponge cell, role of aggregation factor and cell type in, 212
Aerobic activity, in intertidal crabs, 157
Aggregation factor, role of, in sponge cell adhesion, 212
Aiptasia pulchella, effects of zooxanthellae on growth of, 315
Algae, green, *Prasiola*, attachment and development of single cells from, 257
  dinoflagellate, effects on growth of reef corals, 315
ALLEVA, E., See E. Visalberghi, 246
Amino acids, concentrations in *Limulus* egg envelopes, 141
Anaerobic activity in intertidal crabs, 157
ANDERSON, J. M., Histological studies on the pyloric stomach and its appendages in *Oreaster reticulatus* (L.) (Asteroidea), 1
Anodonta californiensis, metal deposition in the periostracum of, 369
Antennular sensilla of brine shrimp, *Artemia*, 382
Arctica, digestion in, 115
Artemia, antennular sensilla, 382
Ascidian, anural (tailless) larva, 393
Asteroidea, digestive system, histology, 1
Attachment of single cells from *Prasiola* thalli, 257

B

Behavior, feeding, of a hesionid polychaete, 343
BENNETT, J. Cytochemistry of *Limulus* eggs, 141
Bimodal gas exchange, regulation of oxygen uptake by holothurians, 272
BINGHAM, S., AND J. A. SHIFF. Conditions for attachment and development of single cells released from mechanically-disrupted thalli of *Prasiola stipitata* Suhr, 257
Bioassay for ecdysteroid compounds, use of *Limulus* larvae for, 103
Biochemical properties, of the digestive tract of *Nereis virens*, 224
  for growth and reproduction in an intertidal sponge, 47
Bivalvia, digestive physiology, 115
BLAKE, J. A. See R. L. Day, 20
Branchiobdellids, feeding and digestion in, 300
Brine shrimp, *Artemia*, antennular sensilla, 382
BROWN, W. I., AND J. M. SHICK. Bimodal gas exchange and the regulation of oxygen uptake in holothurians, 272
BURKE, E. M. Aerobic and anaerobic metabolism during activity and hypoxia in two species of intertidal crabs, 157

C

CAINE, E. A. Functions of swimming setae within caprellid amphipods (Crustacea), 169
Cambarincola macrodonta, gut structure, feeding, and digestion in, 300
Caprella, speciation of, 169
Caprellidae, functions of swimming setae of, 169
Carbohydrates, in *Limulus* egg, 141
Carcinonemertes epialti, occurrence and development on *P. crassipes* and *H. oregonensis*, 130
Carcinus maenas, aerobic and anaerobic metabolism in, 157
Cardioactive substances from nudibranchs, 289
Caridean shrimps, predation of a mysid shrimp, 356
Cell adhesion, sponge role of aggregation factor in, 212
CHEE, G. S. See R. A. Kinzie, 315
Chelipeds, lobster, development in juveniles and adults, 179
Chemical composition, of *Limulus* egg, 141
Chromotropic, negative, effects of substances from nudibranchs, 289
Commensalism, in oligochaetes, 300
Constant infusion, as technique for measuring protein metabolism in fish *in vivo*, 93
Corals, reef, light responses in, 196
COSTLOW, J. D. See T. C. Jegla, 103
COSTELLO, W. J., AND F. LANG. Development of the dimorphic claw closer muscles of the lobster *Homarus americanus*. IV. Changes in functional morphology during growth, 179
Crabs, intertidal, metabolic responses to hypoxia and activity, 157
Crangon franciscorum, predation by, 356
Crayfish, symbiotes of, 300
Crustacea, muscle development in lobsters, 179
Cucumaria frondosa, bimodal gas exchange and regulation of oxygen uptake in, 272
Cytochemistry, of *Limulus* eggs, 141

D

DAY, R. L., AND J. A. BLAKE. Reproduction and larval development of *Polydora giardi* Mesnil (Polychaeta: Spionidae), 20
Decapoda, larval development of *Pagurus hirsutiusculus*, 76
DENLINGER, D. L. Pupal diapause in tropical flesh flies: environmental and endocrine regulation, metabolic rate and genetic selection, 31
Deposition, metal, in molluscal periostraca, 369
DERIEMER, K. See F. A. Fuhrman, 289
Development of a spionid polychaete, 20
of *Carcinonemertes epialti*, 130
of claw closer muscles in *Homarus americanus*, 179
of *Halichondria* sp., 62
of single cells from *Prasiola* thalli, 257
DEVILLEZ, E. J., See C. Michel, 224
Diapause, pupal, in tropical flesh flies, 31
Digenea, morphology, life-history, and taxonomic relations of a microphallid, 234
Digestion, in annelids, 300
in *Arctica*, 115
glands of nudibranchs, 289
system *Oreaster*, histology, 1
Dimorphism, in lobster chelipeds and claw closer muscles, 179
Dorid nudibranchs, pharmacology of extracts from, 289

E

Ecdysteroids, *Limulus* bioassay for, 103
Echinoderm, histology of asteroid digestive system, 1
Eggs, *Limulus*, cytochemistry of, 141
Electron microscopy, of branchiobdellids, 300
of *Nereis* oesophagus, 224
Electron spin resonance, of metals in molluscal periostraca, 369
ELVIN, D. W. The relationship of seasonal changes in the biochemical components to the reproductive behavior of the intertidal sponge, *Haliclona permollis*, 47
Endocrine regulation, of pupal diapause in tropical flesh flies, 31
Endogenous control of reproduction in *Halichondria* sp., 62
Environmental effects, on pupal diapause in tropical flesh flies, 31
Enzymes, digestive, sources in *Arctica*, 115
Expansion behavior, in polyps of reef corals, 196
Evolution, of anural ascidian larvae, 393

F

Fecal material, degree of digestion and nature of, from a hesionid polychaete, 343
Feeding, behavior of *Crangon* and *Palaemon*, 356
biology, of *Podarke pugettensis*, 343
in caprellids, functions of setae in, 169
FELL, R. E., AND W. F. JACOB. Reproduction and development of *Halichondria* sp. in the mystic estuary, Connecticut, 62
FITCH, B. M., AND E. W. LINDGREN. Larval development of *Pagurus hirsutiusculus* (Dana) reared in the laboratory, 76
Flesh flies, pupal diapause in, tropical, 31
FUHRMAN, F. A., G. J. FUHRMAN, AND K. DERIEMER. Toxicity and pharmacology of extracts from dorid nudibranchs, 289
FUHRMAN, G. J. See F. A. Fuhrman, 289

G

Gas exchange, bimodal, in *Cucumaria frondosa* and *Sclerodactyla* (*Thyone*) *briareus*, 272
Gastropod parasites, taxonomy of, *Odhneria odhneri*, 234
GELDER, S. R. See J. B. Jennings, 300
Genetic selection, pupal dispause in tropical flesh flies, 31
Gill protein synthesis in mullet, 93
Glaucothoe, larvae of hermit crabs, 76
Gonochorism in *Halichondria* sp., 62
Gonodactylus, patterns of molting frequency in, 328
Growth, and reproductive strategies, of an intertidal sponge, 47
of *Aiptasia pulchella*, effects of zooxanthellae on, 315
Gut, structure in branchiobdellids, 300
passage time, of a hesionid polychaete, 343

H

Halichondria bowerbanki, study of cell adhesion in, 212
Halichondria sp., reproduction and development of, 62
Haliclona permollis, effects of seasonal changes in biochemical components on reproductive behavior, 47
Haptosquilla, patterns of molting frequency in, 328
HASCHEMEYER, A. E. V. AND M. A. K. SMITH. Protein synthesis in liver, muscle, and gill of mullet (*Mugil cephalus* L.) *in vivo*, 93
Heart preparations, the effect of negative inotropic and chemotropic substances from nudibranchs on, 289
Hemigrapsus oregonensis, *Carcinonemertes epialti* development on, 130
Hermit crab, larval development of a, 76
Hesionid polychaete, feeding in, 343

Histochemistry and digestive enzymes in *Arctica*, 115
Histological, and histochemical study of digestion in *Arctica islandica*, 115
study, of trypsin secretion in an errant polychaete, 224
Histology, of pyloric stomach of *Oreaster reticulatus*, 1
of sponge eggs and embryos, 62
Holothurians, oxygen uptake by, 272
Homarus, claw closer muscle development, juvenile to adult, 179
Hormonal control, of pupal diapause in tropical flesh flies, 31
Hypotensive substances from nudibranchs, 289
Hypoxia, response of intertidal crabs, 157

I

Inotropic, negative, effects of substances from nudibranchs, 289
Iron and manganese deposition in molluscan periostraca, 369

J

JACOB, W. F. See P. E. Fell, 62
JEGLA, T. C., AND J. D. COSTLOW. The *Limulus* bioassay for ecdysteroids, 103
JENNINGS, J. B., AND S. R. GELDER. Gut structure, feeding and digestion in the branchiobdellid oligochaete *Cambarincola macrodonta* Ellis 1912, an ectosymbiote of the freshwater crayfish *Procambarus clarkii*, 300

K

KINZIE, R. A., AND G. S. CHEE. The effect of different zooxanthellae on the growth of experimentally infected hosts, 315
KNIGHT, A. W. See Sitts, R. M. 356

L

Lactate production, as indicator of anaerobic metabolism in intertidal crabs, 157
LANG, F. See W. J. Costello, 179
Larval bioassay, *Limulus*, for ecdysteroid compounds, 103
Larval development, of *Pagurus hirsutiusculus*, 76
of *Polydora giardi*, 20
LASKER, H. R. Light dependent activity patterns among reef corals: *Montastrea cavernosa*, 196
LEITH, A. Role of aggregation factor and cell type in sponge cell adhesion, 212
Life-history, of *Odhneria odhneri*, 234
Light responses, of reef corals, 196
Limulus, bioassay for ecdysteroids, 103
eggs, cytochemistry of, 141
Lipids, in *Limulus* egg, 141
Littorina saxatilis, infection by microphallid trematodes, 234
LINDGREN, E. W. See B. M. Fitch, 76
Liver protein synthesis in Mullet, 93
Lobster, claw closer muscle development, in juveniles and adults, 179

M

Manganese and iron deposition in molluscan periostraca, 369
Magnetic influences, on pigeon homing, 246
Mantis shrimp, coral-dwelling, molting patterns of, 328
Metabolic rate, during pupal diapause in tropical flesh flies, 31
responses, to activity and hypoxia, in intertidal crabs, 157
Metabolism, protein, in mullet, *in vivo*, 93
Metals in molluscan periostraca, 369
Metamorphosis of *Polydora giardi*, 20
MICHEL, C., AND E. J. DEVILLEZ. Secretion of trypsin in the oesophagus of *Nereis virens* Sars (Polychaeta: Errantia). A biochemical and histological study, 224
Microcinoa prolifera, study of cell adhesion in, 212
Molgulidae, anural, presence of muscular acetylcholinesterase in embryos, 393
Molluscs, metal deposition in periostraca of, 369
Molting, factors effecting frequency of, in coral-dwelling stomatopod Crustacea, 328
Molting hormone activity in arthropds, bioassays for, 103
Molybdate, influence of *Prasiola* cell attachment, 257
Montastrea cavernosa, light dependent activity patterns in, 196
Morphology, functional, of lobster chelipeds and closer muscles, 179
of *Odhneria odhneri*, 234
of *Polydora giardi* larvae, 20
Mucous cells, in *Oreaster* digestive system, 1
Mugil cephalus, *in vivo* protein synthesis in, 93
Mullet, protein synthesis *in vivo*, 93
Muscle, development in lobsters, 179
development of ascidian larval acetylcholinesterase, 393
protein synthesis in mullet, 93
Mytilus californianus, metal deposition in the periostracum of, 369

N

Nauplius larvae, *Artemia*, antennular setae of, 382

Navigation, bird, magnetic influences on, 246
Nemertea, incidence and development on shore crabs, 130
Neomysis mercedis, as a prey of caridean shrimps, 356
Nereis virens, oesophageal secretion of trypsin in, 224
Nucleic acids, in *Limulus* eggs, 141
Nudibranchs, toxic substances from, 289
Nutritive value of *Haliclona permollis* for a nudibranch, *Diaulua sandiegenesis* 47

O

Odhneria odhneri, morphology and taxonomy of, 234
Oesophageal secretion of trypsin in an errant polychaete, 224
Oligochaetes, ectosymbiotic, 300
Oreaster reticulatus, histology of digestive system, 1
Oxygen uptake, as indicator of aerobic metabolic rate in intertidal crabs, 157
by holothurians, 272

P

Pachygrapsus crassipes, aerobic and anaerobic metabolism in, 157
Carcinonemertes epialti development on, 130
Pagurus hirsutiusculus, larval development of, 76
Palaemon macrodactylus, predation by, 356
Palaemonetes vulgaris, infection by microphellid trematodes, 234
PALMER, R. E. A histological and histochemical study of digestion in the bivalve *Arctica islandica* L., 115
Parasitic worms, taxonomy of, *Odhneria odhneri*, 234
Parenchymula, larvae of sponge, 62
Periphyton, caprellid requirements for, in relation to setal spacing, 169
Pharmacology of extracts from dorid nudibranchs, 289
Pharynx, structure and function of, in a hesionid polychaete, 343
Photoperiod, effects on larval development of the hermit crab, *Pagurus hirsutiusculus*, 76
Photosynthesis, as energy source for attachment of *Prasiola* cells, 257
Photosynthesis, relation to expansion behavior, in reef corals, 196
Pigeon homing, magnetic influences on, 246
Podarke pugettensis, feeding biology of, 343
Poecilometopa, pupal diapause in, 31
Polychaeta, feeding biology of a hesionid, 343
Polychaeta, oesophageal secretion of trypsin in, 224
Polydora giardi, reproduction and larval development, 20
Polysaccharides, in cell adhesion of *Prasiola*, 257
Prasiola stipitata, attachment and development of single cells from thalli of, 257
Predation, by esturarine caridean shrimps, 356
Predation, on small invertebrates, by a polychaete, 343
Procambarus clarkii, ectosymbiotes of, 300
Protein, digestion, mechanisms for, in the errant polychaete, *Nereis virens*, 224
requirements, for growth and development in a sponge, 47
synthesis and cell attachment in *Prasiola*, 257
synthesis in mullet, *in vivo*, 93
Pseudosquilla, patterns of molting frequency in, 328
Pupal diapause in tropical flesh flies, 31

R

Radioimmune assay, for ecdysteroids, 103
REAKA, M. L. Patterns of molting frequencies in coral-dwelling stomatopod Crustacea, 328
Reproduction, and larval development of *Polydora giardi*, 20
of *Halichondria* sp., 62
Reproductive behavior, in an intertidal sponge, effect of seasonal changes on, 47
Respiratory physiology of sea cucumbers, 272
Rhynchocoel development on crab host, 130
ROE, P. Aspects of development and occurrence of *Carcinonemertes epialti* (Nemertea) from shore crabs found in Monterey Bay, California, 130

S

Sarcomeres, types of, in lobster claw closer muscle, 179
Sarcophaga, pupal diapause in, 31
Scanning electron microscopy, of brine shrimp antennular sensilla, 382
Scleractinian activity cycles, 196
Sclerodactyla (*Thyone*) *briareus*, bimodal gas exchange and regulation of oxygen uptake in, 272
Sea cucumbers, respiratory physiology of, 272
Seasonal changes in biochemical levels of *Haliclona permollis*, 47
Sea-star, *Oreaster reticulatus*, histology of digestive system, 1
Sensilla on antennules of brine shrimp, *Artemia*, 382
Serous gland secretion, of trypsin, in *Nereis virens*, 224

Setae, functions of, in caprellid amphipods, 169
on antennules of larval and adult brine shrimp, 382
SHAFFER, PHILLIP L. The feeding biology of *Podarke pugettensis* (Polychaeta: Hesionidae), 343
Shells, of molluscs, metal deposition in, 369
Shore crabs, parasites of, 130
Shrimp parasites, taxonomy of, *Odhneria odhneri*, 234
Shrimps, estuarine, predation by, 356
SHICK, J. M. See W. I. Brown, 272
SHIFF, J. A. See S. Bingham, 257
SITTS, R. M. AND A. W. KNIGHT. Predation by the esturarine shrimps *Crangon franciscorum* Stimpson and *Palaemon macrodactylus* Rathbun, 356
Size, in relation to molt intervals, in stomatopod Crustacea, 328
SMITH, K. W. See Swinehart, J. H., 369
SMITH, M. A. K. See A. E. V. Haschemeyer, 93
Snail parasites, taxonomy of, *Odhneria odhneri*, 234
Speciation, relation of feeding abilities in caprellids to, 169
Spionid polychaete, reproduction and larval development of *Polydora giardi*, 20
Sponge cell adhesion, role of cell type and aggregation factor in, 212
Sponge, intertidal, seasonal changes in reproductive behavior of, 47
Sponge reproduction, 62
Starfish, *Oreaster reticulatus*, histology of digestive system, 1
Starvation experiments in *Arctica*, 115
Stomatopoda, molting patterns in, 328
STUNKARD, H. The morphology, life-history, and taxonomic relations of *Odhneria odhneri* Travassos, 1921, (Digenea: Microphallidae), 234
SULLIVAN, M. L. See G. E. Tyson, 382
Sun compass, in homing pigeon navigation, 246
Swimming, in caprellids, functions of setae in, 169
SWINEHART, J. H., AND K. W. SMITH. Iron and manganese deposition in the periostraca of several bivalve molluscs, 369
Symbiodinium microadriaticum, ability of different strains to enhance growth of anemone polyps, 315
Symbiotic oligochaetes, nutrition of, 300

T

Taxonomic relations, of *Odhneria odhneri*, 234
Temperature, influence on *Prasiola* cell attachment, 257
Thermoperiodism, in pupal diapause in tropical flesh flies, 31
Tiedemann's pouches, in gut of *Oreaster*, 1
Toxic substances from nudibranchs, 289
Transmission electron microscopy, of brine shrimp antennular sensilla, 382
Trypsin, secretion of, in the oesophagus of *Nereis virens*, 224
Tunicate, development of larval muscle, 393
TYSON, G. E., AND M. L. SULLIVAN. Antennular sensilla of the brine shrimp, *Artemia salina*, 382

U

Ultrastructure, of branchiobdellids, 300
of *Nereis* oesophagus, 224
Unio novahollandae, metal deposition in the periostracum of, 369

V

VISALBERGHI, E., AND E. ALLEVA. Magnetic influences on pigeon homing, 246

W

WHITTAKER, J. R. Development of vestigial tail muscle acetylcholinesterase in embryos of an anural ascidian species, 393
Worms, parasitic, *Odhneria odhneri*, 234

Z

Zoea larvae of hermit crabs, 76
Zooxanthellae, effects on host growth, 315
